ADVANCED PRODUCTION TECHNOLOGY

As a manufacturer of joinery, we know how important it is to use the latest technologies, which have a significant impact on the quality of product performance parameters. We create products based on components from reputable and proven suppliers. Our machinery, paint shop and powder shop are among the most modern in Europe, thanks to which we are able to produce joinery with a long-term warranty.

SERVICE AT THE HIGHEST LEVEL

In our company, we treat each client uniquely and individually, adapting to their needs and requirements. We provide service and knowledge at the highest level. We have the largest sales department in Europe, whose specialists speak 12 foreign languages to provide support to customers from every country.

WE DELIVER WHERE YOU WANT IT, WHEN YOU WANT IT

We ensure timely delivery of orders thanks to our own transport fleet. Our trucks cover routes throughout Europe, and each of them is equipped with a forklift that allows for accurate delivery of the order to the indicated place, and the customer does not incur additional unloading costs. Moreover, we enable card payments directly upon receipt of the order, which makes the entire process even more convenient.

WHY IS IT WORTH COOPERATING WITH US?

A complete offer, the best quality products, our own fleet of trucks and a modern production plant make us the most dynamically developing company in Europe. Therefore, if you are looking for high-quality products whose design and functionality will meet your requirements, we invite you to cooperate with us.
